About Absensi

Simple absence using a gadget

Employees can easily take attendance and request leaves from their mobile device with the help of Absensi, an application for recording staffing and attendance

Advantages Absensi

Why Switch to Absensi?

1. Ease of Access

Monitor and manage employee absences via smartphone, anytime and anywhere.

2. Integration with Payroll System

Salary calculations based on attendance, leave/permit, and overtime can be done as accurately as possible and certainly more precise.

3. Avoid Cheating

The Attendance Application was developed to prevent employees from cheating or manipulating attendance records.

Target Absensi

To Whom the Absensi Dedicated?

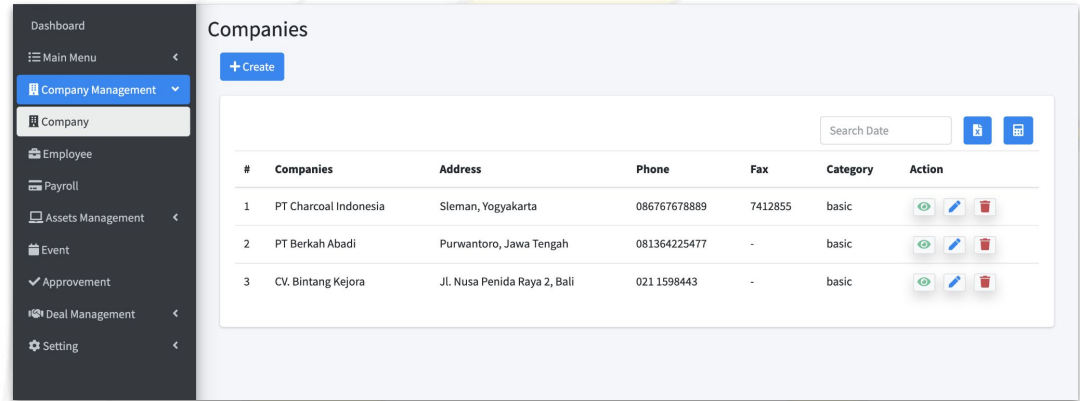

As a technology-based time attendance management solution, the Attendance application helps HRD to recap attendance and prepare attendance reports easily.

In addition, the Attendance application is equipped with various features that make it easier for employees to take attendance and leave, view absence reports, apply for leave, and various other things related to their performance, directly from mobile devices.

Company Management

Personnel Administration Efficiency

Personnel administration is often a complicated thing when done manually. With Attendance, the HR Manager can input administrative data easily, while minimizing data loss at the same time.

#	Companies	Address	Phone	Fax	Category	Action
1	PT Charcoal Indonesia	Sleman, Yogyakarta	086767678889	7412855	basic	  
2	PT Berkah Abadi	Purwanto, Jawa Tengah	081364225477	-	basic	  
3	CV. Bintang Kejora	Jl. Nusa Penida Raya 2, Bali	021 1598443	-	basic

6	Human Resource	

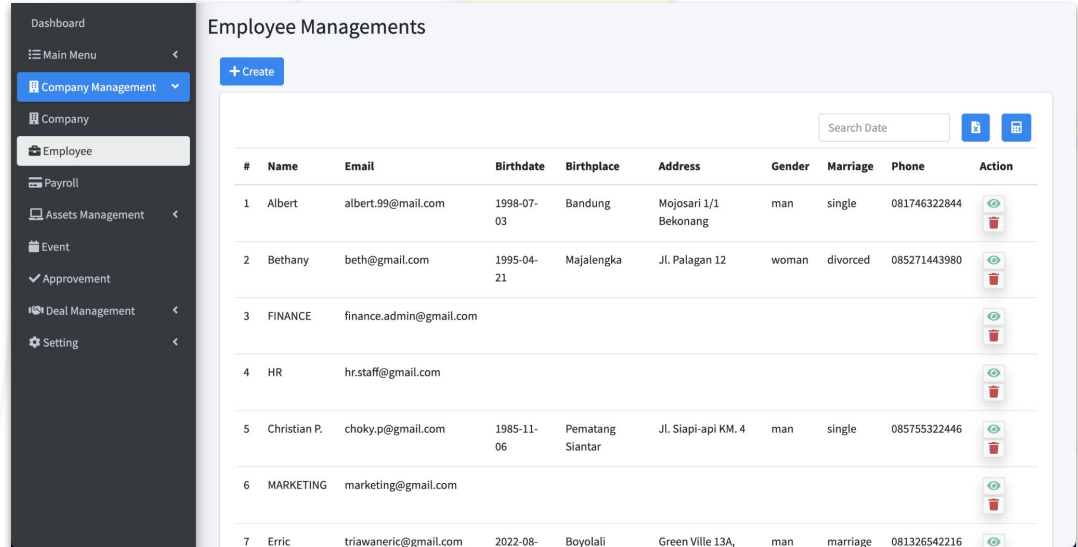

Company Division Management

Does your company have various divisions? With Absensi, an HR Manager can input employee data according to the division in which s/he is assigned.

Staff Management

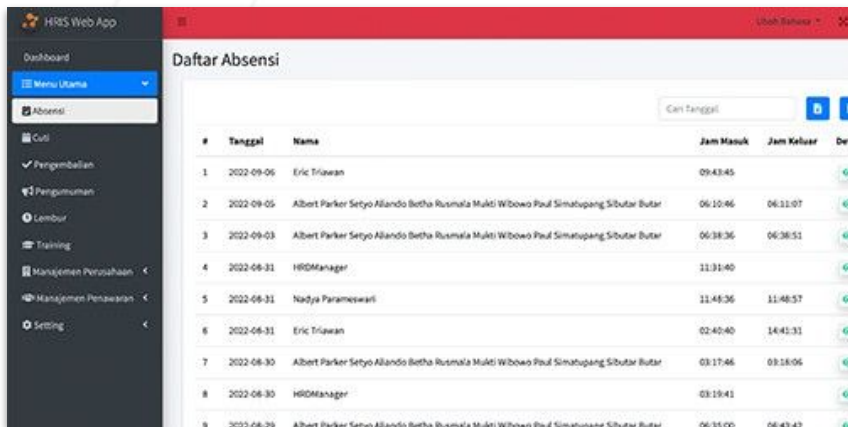

Neat Staff Management

A number of Attendance features will help you manage and manage staff data through easy-to-use one-click settings.

The screenshot displays the 'Employee Managements' section of the Thrive application. On the left is a dark sidebar menu with options: Dashboard, Main Menu, Company Management (selected), Company, Employee, Payroll, Assets Management, Event, Approval, Deal Management, and Setting. The main content area features a '+ Create' button and a table with columns: #, Name, Email, Birthdate, Birthplace, Address, Gender, Marriage, Phone, and Action. The table contains 7 rows of employee data.

Safer Attendance Data

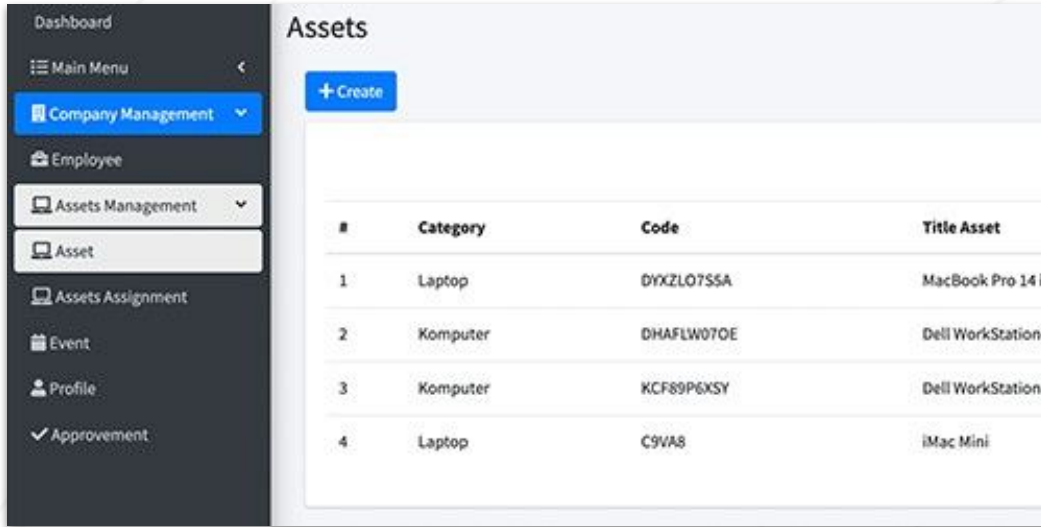

Attendance data recorded in the system can be checked by the HR Manager, minimizing checking using printed documents that are easily lost.

Allowance	Overtime & Bonus	Health	Reimbursement	Net salary
Transportasi: Rp. 120.000 Komunikasi: Rp. 20.000	Bonus: <input type="text"/>	BPJS <input type="text"/> Jamsostek <input type="text"/>		PPH 21 <input type="text"/> Nett Salary Rp. 15.000.000

Calculate Payroll Using Attendance Data

Attendance, permission and leave data can be used to calculate employee payroll. All integrated in one reporting system that is easy to check at a glance.

#	Category	Code	Title Asset
