## Laporan Lengkap

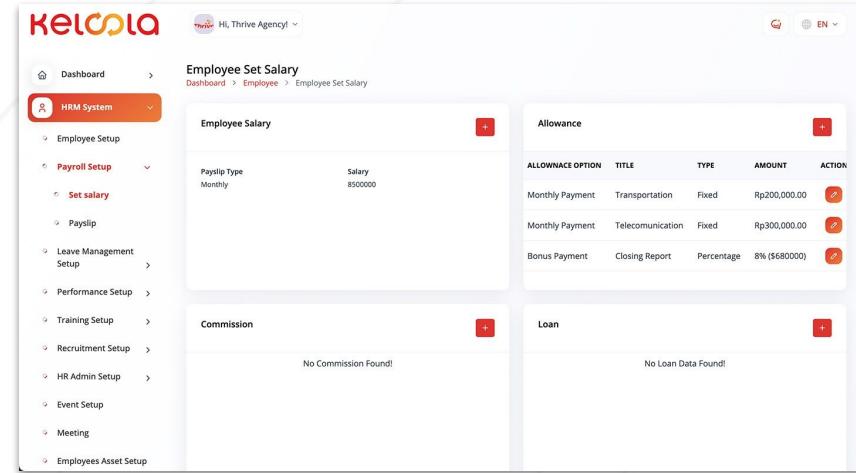

Anda bisa mengecek payroll, jumlah izin karyawan, dan jumlah kehadiran bulanan, tanpa menyuruh karyawan membuat laporan. Plus, data laporan bisa diunduh dengan sekali klik.

The screenshot shows the Kelola HR System dashboard. On the left, there's a sidebar with navigation links for Accounting, HRM, Overview, Reports, Project, HRM System, Accounting System, CRM System, Project System, User Management, Products System, and Support System. The main area has two sections: 'Today's Not Clock In' showing icons for employees Ryno Azhar, Andina, Erik, M Ramadhan, Arief, Rryan Hidayat, Accountant, and Juvita; and an 'Event' section showing a calendar for August 2022 with specific dates highlighted. To the right, there are three cards: 'Staff' (Total Staff 14, Client 3), 'Job' (Total jobs 0, Active job 0), and a summary card with icons for clock-in, event, staff, and job.

## Semua Kebutuhan HR dalam Satu Dashboard

Anda bisa mengubah data karyawan, mengecek di divisi mana dia bekerja, dokumen apa yang dia berikan, serta data banking untuk keperluan penggajian. Seluruh data bisa diedit dengan mudah, sesuai dengan *privilege* yang diberikan ke user.

The screenshot shows the Kelola Payroll setup and salary slip generation feature. On the left, there's a sidebar with navigation links for Employee Setup, Payroll Setup (with Set salary selected), Payslip, Leave Management Setup, Performance Setup, Training Setup, Recruitment Setup, HR Admin Setup, Event Setup, Meeting, and Employees Asset Setup. The main area has three sections: 'Employee Salary' (Payslip Type: Monthly, Salary: 8500000), 'Allowance' (Monthly Payment: Transportation Fixed Rp200,000.00, Monthly Payment: Telecommunication Fixed Rp300,000.00, Bonus Payment: Closing Report Percentage 8% (\$680000)), and 'Commission' (No Commission Found!). Below these sections, there are cards for 'Loan' (No Loan Data Found!) and 'Payslip' (No Payslip Found!).

## Atur Gaji, Unduh Slip

Rekan kerja minta slip gaji bulanan? Unduh dengan cepat lewat fitur payslip. Sebagai user yang bertugas mengelola payroll, Anda juga bisa melihat data gaji karyawan, mengubah, serta menambahkan data tunjangan dan lainnya.

The screenshot shows the Keloola Project System interface. On the left, a sidebar menu includes options like Dashboard, Projects, Tasks, Timesheet, Bug, Task Calendar (highlighted in red), Tracker, Project System Setup, Support System, Zoom Meeting, and Messenger. The main area features a "Task Calendar" for "JULY 2022". A calendar grid from July 26 to August 1 is displayed, with several tasks listed on the right side. One task is "Create Home Page" (2022-07-31 to 2022-07-21). Another is "Create Contact Us page" (2022-07-22 to 2022-07-22). A third is "Sync reCaptcha with any form" (2022-07-20 to 2022-07-20). Buttons at the bottom of the calendar allow users to sync reCaptcha, create a home page, or create a contact us page.

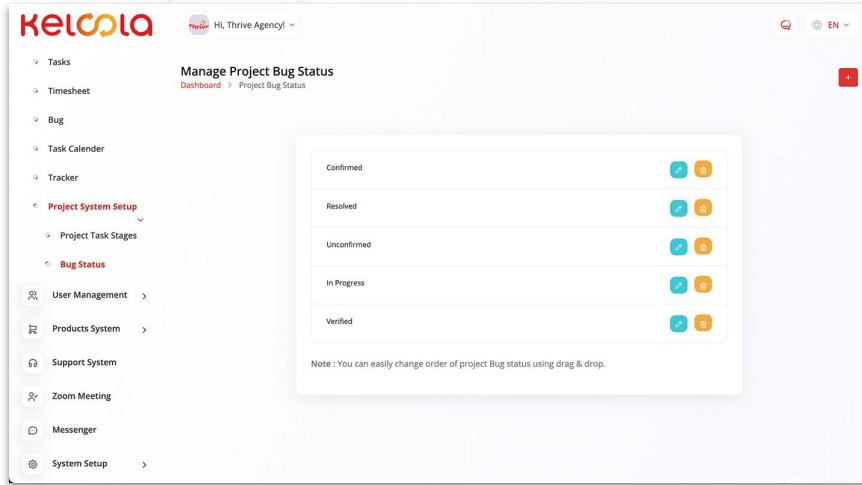

## Lacak Pengerjaan Tugas dengan Calendar

Gunakan Calendar untuk memeriksa tugas/project yang diberikan kepada karyawan.

The screenshot shows the Keloola Project System interface. The top navigation bar includes links for Dashboard, HRM System, Accounting System, CRM System, Project System (highlighted in red), and other system components like Project System Setup, User Management, and Products System. The main dashboard for "Web Development" shows key metrics: Total Task (3), Total Budget (Rp50,000,000.00), and Total Expense (Rp0.00). It also displays progress for tasks like "Last 7 days task done" (0), "Day Left" (34/91), and "Completed Milestone" (0/0). A "Members" section lists users, and a "Milestones (0)" section indicates no milestones have been set.

## Sistem Pelacakan Tugas Terintegrasi

Manager bisa melacak berbagai tugas yang dikerjakan karyawan dan juga status pengerjaan project dari klien.

The screenshot shows the 'Manage Project Bug Status' page within the Project System. The left sidebar includes links for Tasks, Timesheet, Bug, Task Calendar, Tracker, Project System Setup (with sub-options for Project Task Stages and Bug Status), User Management, Products System, Support System, Zoom Meeting, Messenger, and System Setup. The main content area displays a list of bug statuses: Confirmed, Resolved, Unconfirmed, In Progress, and Verified. Each status has a small icon next to it. A note at the bottom states: "Note : You can easily change order of project Bug status using drag & drop."

## Pengaturan Sistem Terpusat

Atur Project System Setup, Task Stages, dan Bug Status, dengan mudah. Lewat menu ini Anda bisa mengatur proses pengerajaan task/projects, sekaligus mengatur tahap perbaikan bila bug muncul.
